Panduan Pengguna

T308

*Harap baca panduan pengguna dengan teliti dan simpan untuk penggunaan di masa mendatang.

Deskripsi produk

1. Telinga kiri

3. Lampu indikator

5. Lubang mikrofon

7. Wadah pengisi daya

2. Telinga kanan

4. Tombol multifungsi (MFB).

6. Antarmuka pengisi daya Tipe-C

8. Lampu indikator wadah pengisi daya

Penggunaan

1. Cara memakai yang benar

L headset untuk telinga kiri, dan R untuk telinga kanan. Untuk pengalaman audio yang lebih nyaman, silakan coba masing-masing ukuran penutup telinga. Ketika earphone terpasang dengan benar akan terasa nyaman dan aman di telinga anda.

2. Penggunaan di luar ruangan

Tubuh manusia mengandung banyak air, yang dapat menimbulkan interferensi kuat terhadap sinyal Bluetooth. Umumnya, earphone diatur untuk menerima sinyal Bluetooth dari ponsel. Disarankan untuk meletakkan ponsel di saku di dekat telinga, yang secara efektif dapat mencegah badan memblokir sinyal dan meningkatkan kemampuan anti gangguan saat digunakan.

Instruksi

1. Pengisian daya produk

a Gunakan pengisi daya DC5V-1A Tipe-C untuk mengisi daya wadah, lampu merah akan berkedip saat mengisi daya, lampu merah akan menyala tanpa kedip saat daya terisi penuh.

b Untuk mengisi daya headset, masukkan headset ke dalam wadah pengisi daya dan tutup, headset akan mengisi daya secara otomatis.

Saat pengisian daya earphone, lampu wadah pengisi daya akan berwarna hijau dan lampu akan mati saat daya earphone penuh.

2. Menyambungkan ke peralatan

a. Buka penutup wadah pengisi daya, dan kedua earphone akan menyala dan masuk mode menyambungkan secara otomatis.

b. Segarkan perangkat Bluetooth ponsel, temukan T308, pilih untuk menyambungkan

3. Koneksi earphone satu sisi

a Metode pemasangan earphone satu sisi sama halnya dengan langkah poin 2 diatas. (gunakan earphone sisi kiri, keluarkan earphone sisi kiri dari wadah dan tunggu sekitar 10 detik untuk mencari koneksi)

4. Menyetel ulang earphone (Setel ulang earphone jika earphone tidak berfungsi dengan baik)

a. Ketika Bluetooth tidak terhubung, tekan cepat tombol MFB 5 kali pada earphone, dan akan terdengar nada "dong" setelah menghapus catatan koneksi.
